## Phoenix rises again

**N**oted Mumbai-based artist, Shukla Chowdhury, in keeping with her theme of the 'Phoenix', presented her latest exhibition titled "The Phoenix Sings a Song" at the Open Palm Court Gallery, in the capital recently.

Chowdhury said, "As a woman, I've been through all extremes of emotional existence, from unfathomable happiness to unimaginable sorrow. I feel that I am capable of conquering all emotional constraints. I identify myself with the immortal phoenix."

The exhibition pays obeisance to nature and lays emphasis on the connection with "the one". She adds, "The Phoenix Sings a Song whenever it encounters the richness of nature."
